I worked for more than 25 years as a practicing geologist in the bauxite researching (Nyírad, Iharkút), and into the Borsodi Coal Basin. In addition to classical geologist tasks I worked on various environmental projects and made reports at the Feketevölgy Bánya Kft. and in the mine of Lyukó. After the termination of mining, I have been working for more than 20 years as a self-employed engineer and I am co-owner of the ENVIRA 96 Mérnöki, Kereskedelmi és Szolgáltató Kft. My main specialization is the analysis of the environmental impact of industrial activity (environmental studies, performance evaluation, hydrogeological planning).

I am a member of the Chamber of Engineers. My registry number is: 05-594

Planning permissions:
